

Emissions Related Repair Data Form

INSTRUCTIONS: In order to qualify for an emissions inspection waiver **REPAIR WORK MUST BE PERFORMED AT A VIRGINIA CERTIFIED EMISSIONS REPAIR FACILITY, AND THE REPAIRS MUST BE PERFORMED BY OR UNDER THE SUPERVISION OR APPROVAL OF A VIRGINIA CERTIFIED EMISSIONS REPAIR TECHNICIAN;** repairs performed by any other person or facility cannot be applied. This form, along with the Motor Vehicle Emissions Inspection Report (VIR), should be presented to the repair facility of your choice. The repair invoice(s) or work order(s) must then accompany this form and your VIR upon return to the emissions inspection station for a retest. This form must be completed in its entirety by the repair technician. **ONLY ITEMS ACTUALLY SERVICED OR REPLACED, AND THE ASSOCIATED DIAGNOSIS AND LABOR CHARGES, MAY BE USED AS EMISSIONS RELATED REPAIR COSTS AND APPLIED TOWARDS AN EMISSIONS INSPECTION WAIVER.** The Emissions Inspector is required to inspect for and confirm all repairs.

NOTE to Repair Technician: It is important to complete this form **accurately** so that repairs may be properly credited and to accumulate repair data for program evaluation. Your signature below certifies that all repairs and recommendations were necessary and appropriate to the cause of the emissions inspection failure, and that you either performed or supervised the diagnosis & repair of the vehicle.

Technician's Signature:

Sales tax should be calculated to include emissions related parts only. Do NOT include any charges for shop fees, environmental fees, disposal fees, or any other similar charge that is not separately itemized as emissions related. Diagnostic charges may be included ONLY if associated emissions related repairs are actually performed.
